

Federal Standard 595C Paint color, FS No., & Hex Code

The colors in the Fed. Std. set have no official names, just five-digit numbers.

The first figure can be 1,2 or 3 and indicates the level of sheen:

- 1 = gloss
- 2 = semi gloss
- 3 = mat

The second figure of FS code indicates a general color classification group;

- 0 = Brown 5 = Blue
- 1 = Red 6 = Grey
- 2 = Orange 7 = Other (white, black, violet, metallic)
- 3 = Yellow 8 = Fluorescent
- 4 = Green

- The remaining figures (third to fifth) combined into a number indicate the intensity.

Lower value indicates a darker color, higher value - a lighter color, with no other significance. The numbers have been assigned with gaps to allow addition of new colors. Fed-Std-595 is a color collection, not a complete color system.
